

## Consumer Information

These prices are effective as of **October 1, 2026**, and are subject to change without notice. Prices do not include local or state taxes. The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

### The price you see is the price you pay

We do not add extra charges for credit or debit card payments, flag cases, bariatric cremations, special care following an autopsy, organ or body donation cases, or when additional care requires two members of our team to bring your loved one safely into our care.

### Funeral Home. Cemetery. Crematory. All in One Place

Every Southern Cremations & Funerals location brings together a funeral home, cemetery, and crematory in one place. One location, one caring team, and seamless coordination from beginning to end—making things simpler and less stressful for your family.

### Thoughtfully Designed Packages for Simplicity, Support & Savings

Our packages are thoughtfully designed to make the arrangement process simpler and less overwhelming for the families we serve, allowing them to focus on what truly matters—honoring their loved one, being together, and giving and receiving support during a difficult time. Each package also includes special savings created for the benefit of our families. Because these savings are already built into the package price, individual items cannot be further discounted, removed for a price reduction, or exchanged for other items listed in this General Price List.

### Infant and child burial and cremation services

We understand the profound loss of a child. Because our funeral home, cemetery, and crematory are all in one place, we can significantly reduce costs and provide several services at no charge for children through age 12, allowing families to focus on honoring and remembering their child with dignity and care.

Please see page 8 for pricing and details.

## Wooden Casket Option for Cremation

Some families and faith communities prefer their loved one to be cremated in a wooden casket rather than an Alternative Container. To honor these preferences, our Direct Cremation and Tribute Cremation packages can be upgraded to include our Hayward 98% Wooden Casket. Please see page 4, "Direct and Tribute Cremation Upgrade – When using a 98% Wooden Casket (Hayward)"

For your convenience, we provide a single charge for the **Basic Services of our Funeral Director and Staff**. This charge includes, but is not limited to, the availability of our professional team 24 hours a day, 365 days a year to respond when you need us; the arrangement conference; preparation and processing of the death certificate; obtaining required permits and authorizations; coordination with all parties involved in the final disposition, including cemeteries and crematories; and necessary administrative, bookkeeping, accounting, and clerical services.

It also includes licensed Funeral Director supervision to ensure your loved one is cared for with dignity and that all arrangements are handled in accordance with applicable Georgia laws, rules, and regulations.

This charge may be discounted when one of our funeral or cremation packages is selected.

### Our Care

Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial.

The containers we provide are constructed from cardboard and/or composition board. The crematory does not permit the use of alternative containers made of non-rigid materials or metals.

## Infant and Child Burial and Cremation Services

We understand that no family should have to face the loss of a child. Because our funeral home, cemetery, and crematory are all in one place, we can provide many of the services directly, allowing us to significantly reduce costs—and offer several services at no charge—for infants and children through age 12.

Our goal is simple: to ease the financial burden on families so they can focus on what truly matters—honoring and remembering their child with dignity and compassion, while being together and giving and receiving support from those around them.
